

FALEA

This luminaire is an impressive combination of low investment cost, high efficiency and usability.

The direct/indirect light distribution and the high light output ratios are two advantages that give FALEA a wide range of possible applications, especially in offices, communication rooms and training facilities.

The FALEA luminaire provides perfect lighting comfort and uniform, glare-free lighting. The luminaire unit impresses with its low profile, while slim-line design is emphasised by its shape.

Technical Features

- Body of steel, painted electrostatically in selected colour.
- High efficient microprismatic PMMA cover or louvre for direct lighting.
- PMMA upside transparent cover for indirect lighting, or steel cover for only direct distribution.
- Adjustable suspension consisting of stainless steel cable and regulators.
- Connection for operation on 230V-50/60Hz with electronic ballast.

Upon Request

- Connection for operation on 230V-50/60Hz with dimmer dali or 1-10VDC ballast.
- Connection for emergency lighting system (only for T16 edition).
